

# WATER RESTRICTIONS

BELOW-NORMAL RAINFALL  
CONDITIONS FOR GREATER  
PARTS OF SOUTH AFRICA

We have been notified by Umgeni Water that future weather forecasting systems are indicating strong probabilities for below-normal rainfall conditions for greater parts of South Africa. Umgeni Water is currently monitoring the water resources closely in response to possible impacts of El Niño. This monitoring includes dam storages, abstractions and demand patterns.

Below is information supplied by Umgeni Water showing the Hazelmere catchment, that is the source of our water supply.

**11 Sep 2013 : 98%**  
**04 Sep 2014 : 58%**  
**10 Sep 2014 : 56%**

**Water Restrictions have hence been implemented.**

Office Hours : 032 946 7200

After Hours : 032 946 3188

Email: [info-sizawater@sembcorp.com](mailto:info-sizawater@sembcorp.com)

[www.sembcorp-sizawater.co.za](http://www.sembcorp-sizawater.co.za)

The use of hosepipes, washing of driveways, roofs & vehicles as well as the use of irrigation systems is banned, until further notice.

**Consumers who do not comply will be liable for a fine of R3000.**

Restrictions will remain in place and you will be informed when these are lifted.

We urge consumers to practise water conservation and to visit our website to view the full list of water restrictions and to download necessary forms at [www.sembcorp-sizawater.co.za](http://www.sembcorp-sizawater.co.za). Customers can register their mobile numbers and email addresses for alerts from us. These can be sent to [info-sizawater@sembcorp.com](mailto:info-sizawater@sembcorp.com) or contact our Customer Services Department on 032 946 7200 during office hours, (please state your address).

## WATER SAVING TIPS:

- 1. Start a compost pile.** Using compost when you plant adds water-holding organic matter to the soil.
- 2. Install covers on pools and check for leaks around your pool pumps.**
- 3. Zealously repair leaking toilet cisterns in your home to reduce water wastage.**
- 4. A dripping tap could waste as much as 90 litres of water a week, so please ensure that all dripping taps are repaired timeously.**
